

X-PRO-FLEX AIR

51-292

OXXA X-Pro-Flex AIR 51-292 work gloves are very cool to wear and therefore excellently suitable for warm work environments. With its breathability, it is the perfect nitrile foam coated glove for working in a comfortable and productive way without being bothered by perspiration on the hands.

CHARACTERISTICS:

- Glove with nitrile foam coating
- Nylon/Lycra outer liner (15 gauge)
- Very cool to wear in a warm work environment, due to the breathable coating and outer liner
- Super light coating offers a high level of fingertip sensitivity and flexibility and increases the user's productivity
- Anti-slip by means of NFT (Nitrile foam technology), the coating provides a good grip on dry, greasy and oily objects
- The dark colour makes the glove excellently suitable for use in environments with a certain level of contamination
- Colour: black/grey
- Sizes: 7 to 11
- Article number: 15129200
